NC Brain Injury Screening Solutions

NEXT STEPS

Brain Injury Association of North Carolina

Individualized Support is Key to Serving Those Impacted by Brain Injury

Gather

- [ ] Provide a copy of the screening and/or interpretation to the individual for their records
- [ ] Determine current or possible insurance, funding, or other payment sources (including help applying for Medicaid or connecting to Medicaid Management)
- [ ] Help obtain any accident or medical records related to any injuries to assist with diagnosis and service connection

Refer

- [ ] Identify and/or refer to a medical professional (such as a family physician) for additional assessment
- [ ] Give a list of local resources specific to brain injury, refer for resource facilitation/guidance or case management
- [ ] Provide educational materials for further learning about what having a brain injury means

Connect

- [ ] Contact the **Brain Injury Association of North Carolina**: (919) 833-9634 or bianc@bianc.net
- [ ] Investigate local or online support groups to help the person feel like part of a community
- [ ] Help determine strategies or accommodations that would serve the individual better and lead to better success
